Key Features

Ultra-Lightweight Comfort

At less than 100 grams, explore comfortably for hours.

Hygienic, High Quality Sound

A hygienic design eliminates direct ear contact, while maintaining quality sound.

Proven Durability

The rugged polycarbonate shell design has proven its reliability through tens of thousands of units already in use worldwide. A detachable kevlar cable makes the weakest point of any headset easy to replace.

Audio Guide Integration

Also available in audio-guide form for visits that trigger automatically by location and can synchronize with videos or shows.
